Character

Yukko

A high school student that one day had suddenly become small.

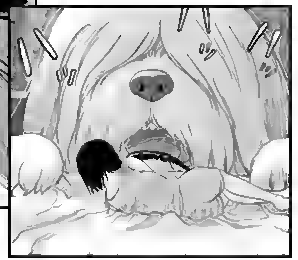
Alice

A mysterious girl that suddenly appeared before Yukko.

Poco

Yukko's pet dog.

When everyone awoke, the world had changed.



As Yukko and her only friend Poco ran around, a mysterious girl appeared before her. The girl who didn't speak the same language was called Alice. While she used her special abilities to keep Yukko safe... who really is she?!

Yukko was your average female high school student living with her mother, father, and dog. One morning she woke up to find that her body had shrunk. Her parents, who had also suffered the same fate, were unfortunately killed by their house cat. Outside, others in the same circumstance were having to escape from the constant barrage of crows and cats that were attacking them.
